I wanted to albeit belatedly pass along Mr. Daggs comments from last week's meeting.

While he of course is concerned with regard to the revelation as to the present compliance status as discussed, he was equally appreciative of the interest and lines of questioning in response to the proposed revised grading plan.

Since then we have met with our consulting team and will submit as requested this Thursday the proposed schedule and outline of next steps to be taken.

Mr. Barnett advises that there is a notice of intent to take legal action lodged by the Pacific Legal Foundation against the U.S. Fish and Wildlife service. I am attaching it for your information and consideration as it may have an effect on the ultimate outcome of the grading plan. However, until such time as there is a determination the Trustee has instructed our team to proceed as discussed last week.

Thank you for your time last week.
